## THE SUPER POWERS OF AÇAÍ

## THE PREMIUM AÇAÍ PARTNER

FOR INDUSTRIAL FOOD AND BEVERAGE MANUFACTURERS ACROSS EUROPE

Since 2012, **Nossa!** has pioneered the Açaí market in Europe, building trusted partnerships with foodservice operators, industrials, and retailers. **Our mission is clear:** to transform wild Amazonian superfruits into innovative, reliable nutritional solutions that meet the evolving demands of tomorrow's food industry, by combining sustainability, performance, and exceptional taste.

## SOURCING EXCELLENCE

FROM AMAZON FOREST TO INDUSTRIAL PRECISION

- **Sourced directly from sustainable Amazon cooperatives.** Only the finest, hand-picked berries are selected at peak ripeness to ensure a deep, rich natural color and an intense, well-rounded flavor profile.
- **Processing begins within 24 to 48 hours of harvest** to lock in freshness and preserve the optimal nutritional benefits of this super-berry (antioxidants, healthy fats, etc.).
- **Optimized freezing and logistics ensure the premium quality** and integrity of the pulp are maintained throughout the supply chain.

# SUSTAINABILITY & IMPACT

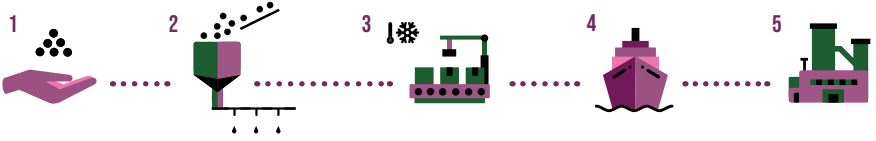

## OUR COMMITMENT TO THE AMAZON AND ITS PEOPLE

- **Full Supply Chain Visibility:** We offer full visibility and control over the supply chain, ensuring ethical and sustainable practices from the heart of the Amazon to your facility.
- **Certified Agroforestry:** Our Açai is sourced from certified agroforestry systems that actively contribute to biodiversity protection.
- **Ethical Sourcing:** Our commitment goes beyond the product itself. We build direct partnerships with local Amazonian cooperatives, ensuring fair prices and contributing to their economic stability.
